SPONSOR INFORMATION

Do you have a heart for the world's orphaned and underprivileged children? For just 79 cents a day you can make a significant difference in the life of one of these children at Brenna's Home in Lutsk, Ukraine. Sponsors are asked to make a one-year commitment (\$25/month, \$300/year) and can be an individual, family, or group. These funds are used directly for the costs of food, clothing, shelter, and school expenses.

Sponsors are assigned a child and receive a picture with their birthday. We provide information to send the child a birthday card directly to the home in Ukraine. Sponsors are also requested to remember their child with a small gift (under \$15) for Christmas. We encourage sponsors to provide pictures of themselves for their child. This is one of the most precious things for these children-the opportunity for them to see the people that care for them through sponsorship.

When we travel to Ukraine, we try to bring letters for sponsors that the children have written. Sponsors also receive a monthly email update about Brenna's Home from the Foundation.
